

Hello,

I am writing to express my concern regarding the current map. As you know, it places Casten and Newman in the same district. I understand and support another Latino majority district, but according to the Chicago Sun Times, only 37% of the Latino population in District 3 is expected to vote. I am hoping that this is not the map we end up with and that we can still have another Latino majority district while having Casten and Newman in different districts.

Thank you for your consideration and hard work on this issue.

Emily
